DETAIL DESIGN

1. LAYOUT DESIGN

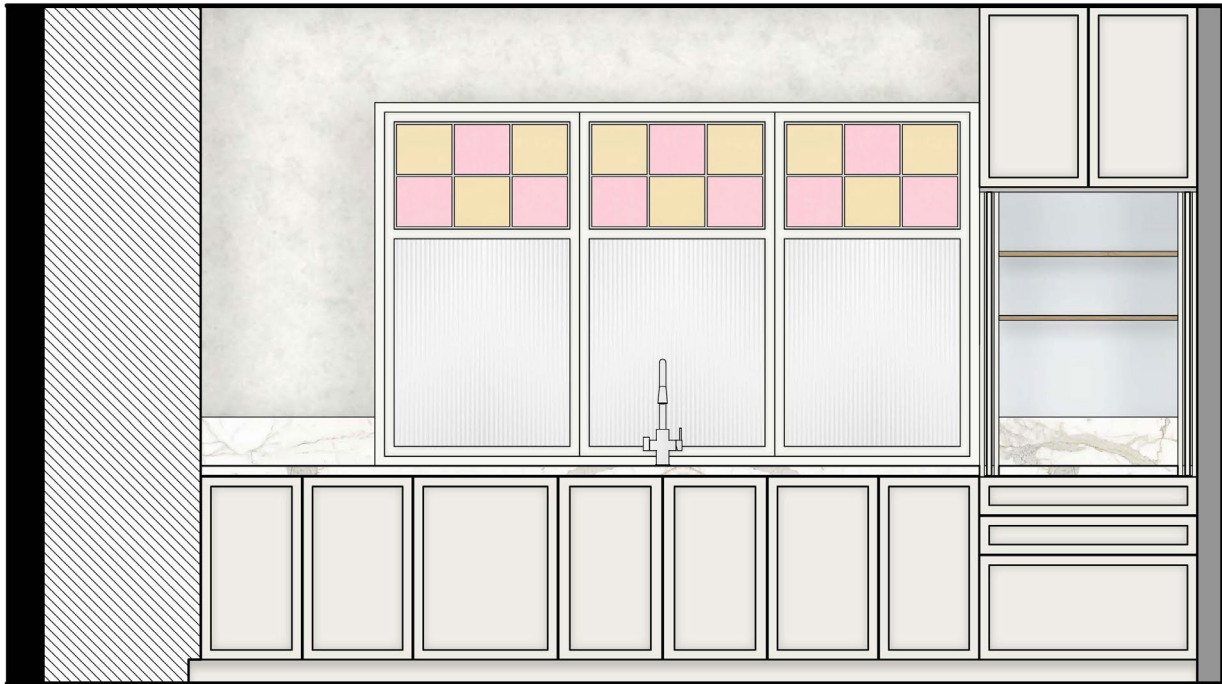

Layout Design resolves the core layout of your property. It is critical to get this stage right as all subsequent stages of the Interior Design Service will be built around this phase.

- Optimise floor plans
- Select areas for interior concept
- Select overall finishes palette

*** meetings as agreed in proposal**

2. INTERIOR CONCEPT

1 KITCHEN - ELEVATION B
SCALE: 1:20

Developing and communicating the interior design to the client through a series of workshops utilising:

- Coloured Plans and Elevations
- 3D Sketch Views
- Material Samples
- Finishes, Fixtures and Electrical Schedules
- Moodboards

*** Workshop meetings as agreed in proposal**

3. DETAIL DESIGN

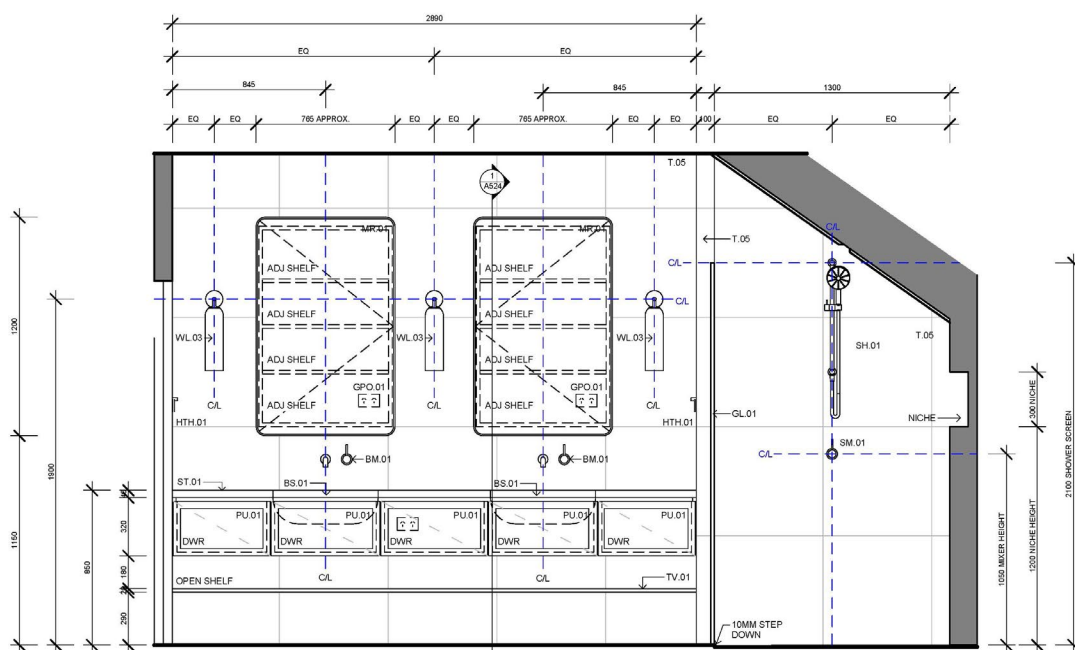

These workshops develop our detailed documentation set for costing and construction. This set generally includes (but is not limited to):

- General Arrangement Drawings
- Detailed Plans
- Detailed Elevations
- Detailed Sections
- Reflected Ceiling Plans
- Wet Area Details
- Joinery Details
- Window and Door Schedules

*** Specific inclusions to be agreed in proposal.**
